## **Do Not Lend Your CITY DIRECTORY**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The major costs of manufacturing your City Directory — enumeration, compilation, setting the type, proof-reading — are largely **FIXED COSTS**. The variable costs — paper, ink, press time — are of minor importance.

These costs, plus a reasonable profit margin, **MUST BE ABSORBED BY THE SUBSCRIBERS** — whether one or one thousand.

If there were only **ONE SUBSCRIBER** to the **CITY DIRECTORY** — **THAT ONE SUBSCRIBER** would of necessity have to absorb **THE WHOLE COST**.

If there were **1000 SUBSCRIBERS** — each one would have to absorb **1/1000th PART OF THE WHOLE COST**.

It is obvious that the **LARGER** the number of subscribers — the **LOWER** the cost to each.

It is also obvious that the **SMALLER** the number of subscribers — the **GREATER** the cost to each.

Every time you lend your City Directory the **LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE**.

**MORE BORROWERS** result in **FEWER SUBSCRIBERS**, which means **INCREASED COST TO YOU**.
